

To Whom It May Concern

I am writing this letter in support of Linda Matson, RN, a fellow nurse colleague of mine.

We worked together in Cincinnati Ohio Back in 2020.

I found Linda to be a friendly outgoing, nurturing and caring RN who did a wonderful job providing quality nursing care to all her patients.

Back in 2020 during the height of the Covid-19 Pandemic all of us Nurses were faced with challenging and equally grueling patient assignments. Often Linda was given the most physically and emotionally challenging assignments. I found Linda to demonstrate strong

Leadership,^{and} excellent caregiver
who was a true asset to the profession
of nursing. We were fortunate to have
her work with us in Cincinnati, OH.

I hope you take this into consideration
upon your decision. With regards to
Linda Matson,

Truly,

Angela PerDue, RN
